Child Care Subsidy - Wisconsin Shares

Provides assistance paying for child care expenses to low-income parents who are working or preparing to enter the workforce.

Who May Qualify and How to Apply?

Wisconsin Shares is available for eligible families that are in work, work-related or school/training activities. Working families with income below 185% of federal poverty level may be eligible for childcare assistance.

The Child Care subsidy payment depends on the household's income, hours of care needed, how many children will need care in the family, what are the provider's rate, and other factors. All families are expected to pay a portion of the expense or co-pay directly to the provider.

The childcare subsidy can only pay to childcare providers who are licensed or certified. It is the parents' or relative caretakers' responsibility to find the provider they wish to use.
